

EAGLE340

EAGLE 340

The 340 is the baby in the Eagle range and was designed specifically as a luxury sports tender. It is extremely comfortable and dry for its size even in heavy seas with the deep V hull cutting through waves. The navigation lights are mounted

on the bow block which has a moulded channel to take the anchor line and protect the tubes from rubbing. There is comfortable seating for four passengers with large lockers under each seat.

Standard Features
